**A PROFESSIONAL CONSULTING FIRM**

LEGAL • CORPORATE • PRIVATE

***INSURANCE FRAUD*** – MPM has recently teamed with one of the mid-Atlantic region’s most respected private investigative firms in identifying the burgeoning insurance fraud cases currently sweeping the country. With the addition of these properly state licensed professionals, the **MPM** team is now positioned to provide corporate legal teams, as well as their national insurance carriers, with unequivocal and admissible evidence

to corroborate this costly and, in most cases, criminal misconduct. Although they are continuing to expand their geographic areas of operation, **MPM’s** elite team of professionals is currently licensed and bonded throughout the mid-Atlantic and Northeast regions of the United States to conduct a myriad of fraud related investigations with a special emphasis on ***Workers’ Disability and Compensation*** fraud.

With an average of more than twenty-eight years of federal and state law enforcement investigative experience, **MPM** now offers a results oriented team that will traditionally employ a variety of industry acceptable and legally admissible investigative techniques to include, but not limited to:

- **Electronic and Public Data Base Searches**
- **Static and Mobile Surveillance Teams**
- **Digital and Video Photography**
- **Concise and Detailed Investigative Reports**
- **Professional “*End Game*” Courtroom Testimony**

in detailing a claimant’s daily activities as they relate solely to confirming their claimed disability while corroborating their day-to-day compliance related thereto. Due in no small measure to the wealth of **MPM’s** investigative experience, most inquiries can be conducted quickly, unobtrusively and, most importantly, *conclusively* - the first time assigned.

## **ELECTRONIC FORENSICS**

In support of our client’s needs, **MPM** has access to some of the most respected investigative data bases available anywhere and can conduct comprehensive forensic inquiries on most corporate in-house computers and cellular telephones.

## **SURVEILLANCE**

MPM's mobile surveillance teams can operate in both urban and rural environments and are unsurpassed in their effectiveness while operating in either a static or mobile surveillance mode.

**Digital Photography**

**Mobile Video**

**Static Video**
